waterless concrete cleaner

eX-I-MO (ex•Ē•mo), *n.* 1. bio-organic petroleum stain removal product. 2. value, quality, safety and efficiency. --*v.* 3. to sweep clean. (*Latin*)

PRODUCT

(36 LBS - covers ~16,500 sq. ft.)

eXIMO® is an all natural waterless cleaner that uses a time-driven process and nature's own bio-chemistry to completely remove unsightly petroleum stains from concrete. eXIMO actually breaks down the hydrocarbon chain of petroleum stains deep within the pores of the concrete and restores the surface to its original appearance.

eXIMO is environmentally safe and requires no water. The microorganisms in eXIMO break-down and consume the petroleum carbons into water and carbon dioxide. To top it off, eXIMO is fast and effective -- without the need for power equipment. A little goes a long way, making eXIMO your #1 choice in hydrocarbon stain clean up.

Testimonials:

"We were looking for an alternative to pressure washing to keep our image at our fuel stations. eXIMO is just the product we were looking for to avoid environmental issues, we use it frequently to touch up our lanes, and get the results we were looking for."

-Director of Fuel Operation, Fortune™ 500 Company

"eXIMO is an environmental and people safe product that REALLY works! It's effectiveness at actually removing and not just covering up petroleum stains is beyond question."

-Safety and Operations Supervisor, Fortune™ 500 Company
